Summary

A skilled programmer seeking an opportunity to gain more experience and improve technical capabilities. Years of working experience in different sectors, including public speaking, legal assistance, public administration, and retail business. Good team player, effective communicator, and exceptional problem-solving skills.

Education

Rasmussen College, FL Online Campus

Bachelor's Degree of Computer Science

Graduated September 2018

Throughout this program, I have taken a variety of IT as well as business related courses, including, but not limited to, project management, database administration, data analytics, business intelligence, and web development technologies such as PHP, JavaScript, HTML, CSS, and SQL. Furthermore, active participation in all individual and group projects, which were very useful in learning while hands on lab, gave me a great opportunity to experiment real-world appearance of those technologies and knowledges.

Kabul University

Bachelor's Degree of Law

Afghanistan, Kabul
